

Hand ascender for safe and smooth ascent. Extra wide handle and attachment point for two carabiners will fit everyone from bigwall climbers to workers at height or special forces.

## **DESCRIPTION**

Upper hole for clipping a carabiner around the rope.

Triger with short descent featu-

Available in two variants - for left and right hand.

Wide attachment point allows to connect two full-sized carabiners. It is even big enough to pass the locking gate through.
